## ☰ OBJECTIVE

Junior student at Tennessee Technological University looking for a software engineering internship, where I can apply previous work and school skills, to gain additional knowledge and practical experience in the industry.

## 🎓 EDUCATION

**B.S. Computer Science, Minor in Mathematics | Tennessee Technological University, Cookeville, TN**

AUG. 2018 – PRESENT

- **Awards:** Dean's List, High Flyers Scholarship
- **Relevant Coursework:** Object Oriented Programming, Data Structures, Design of Algorithms, Database Management, Web Development

**High School Degree | Lenoir City High School, Lenoir City, TN**

AUG. 2014 – MAY 2018

## 💼 EXPERIENCE

**Software Engineer Intern | Phillips Infrastructure Holdings, Knoxville, TN**

MAY 2020 – AUG. 2020

- Developed C# .NET application to synchronize existing data and tools with new asset management software.
- Designed back-end project infrastructure in Microsoft SQL Server.
- Utilized Microsoft Flow to automate company-wide communication.

**Intern | Phillips & Jordan, Inc., Knoxville, TN**

APR. 2019 – AUG. 2019

- Solicited subcontractors for construction of project bids.
- Identified and recorded key areas of risk and opportunity in plans and specs.

## 🛠 SKILLS

- Microsoft Office
- HTML/CSS/JavaScript
- NodeJS/ExpressJS
- C# .NET
- SQL Server (SSMS)
- Microsoft Power Automate

## ⋯ EXTRA-CURRICULAR ACTIVITIES

- **Student TA** at Tennessee Tech CS Department, Cookeville, TN
- **Community Service Chair** at Phi Gamma Delta, Tennessee Tech University, Cookeville, TN
- **Student Worker** at Tennessee Tech Fitness Center, Cookeville, TN
